Meals on Wheels would like to wish everyone a very safe and Happy New Year!

No Meals on Wheels Deliveries

*see menu for details

Monday, January 17th

Meals on Wheels would like to wish everyone with a birthday a January a very Happy Birthday!

In Remembrance Ronald Dziegeleski

We are deeply saddened to inform you of the passing of one of our team members at Meals on Wheels. Ronald Dziegeleski passed away on December 7, 2021. Ron was retired and chose us to transport food to our centers part time for 9 1/2 years when he didn't even need to work. He loved his job, the people he worked with, and the people he delivered to. He always had a smile on his face. He was witty, charming, and he ALWAYS had a story to tell. Rest easy Ron, we are all truly going to miss you!

Thank You American Legion Auxiliary Post 141!

Meals on Wheels would like to say a very big thank you to the American Legion Auxiliary Post 141! For many years this organization prepares, packs and delivers the Christmas dinner to our Homebound Seniors who reserved a meal and were home on Christmas Day. We couldn't do it without your organization and we thank you for your help and generosity during the Christmas Holiday!

Christmas Helpers!

Meals on Wheels would like say a very big thank you to Santa's helpers for coming in and donating their time to help put together our volunteer Christmas gifts! Meals on Wheels wouldn't be what it is today without our volunteers! It may be small, but we sure do appreciate all of our volunteers during the Holiday Season! Thank you!

Gift of Giving Event!

Meals on Wheels would like to say a very big thank you to the Little Green Apple store in Brighton for choosing Meals on Wheels as the beneficiary from their Gift of Giving Event! Customers who bought the Gift of Giving Ornament received 20% off their purchase and the proceeds from the ornament were donated

to Meals on Wheels. We can't thank you enough for choosing Meals on Wheels a second year in a row!

Christmas Quilter Gifts!

Meals on Wheels would like to say a very big thank you to the Quilters Groups that have donated beautiful, Christmas, handmade placemats to our seniors on the program. One of the groups also donated beautiful handmade stockings with candy filled inside. Our seniors truly appreciated these gifts with their meal delivery on Christmas Day!

Hartland Garden Club!

Meals on Wheels would like to thank the Hartland Garden Club for donating beautiful Christmas arrangements to our seniors in the Hartland area! Such a nice gesture for our seniors to enjoy during the holiday season.

* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

- 1 The serving size now appears in larger, bold font and some serving sizes have been updated.
- 2 Calories are now displayed in larger, bolder font.
- 3 Daily Values have been updated.
- 4 Added sugars, vitamin D, and potassium are now listed. Manufacturers must declare the amount in addition to percent Daily Value for vitamins and minerals.

Understanding the Nutrition Facts Label

By: FDA

The following key terms are intended to make it easier for you to use the Nutrition Facts labels to make informed food choices.

Servings Per Container shows the total number of servings in the entire food package or container. One package of food may contain more than one serving. For example, if you eat or drink two servings, you are getting double the calories and double the nutrients that are listed on the label.

Serving Size is based on the amount of food that is usually eaten at one time. Serving size is not a recommendation of how much to eat. The nutrition information listed on the label is usually based on one serving of the food; however, some containers may also have nutrition information listed for the entire package.

Calories refers to the total number of calories in a serving of the food. To achieve or maintain a healthy body weight, balance the number of calories you eat and drink with the number of calories your body uses. 2,000 calories a day is used as a general guide for nutrition advice. Your calorie needs may be higher or lower and vary depending on your age, sex, height, weight, and physical activity level. Check your calorie needs at www.ChooseMyPlate.gov/MyPlatePlan.

% Daily Value (%DV) shows how much a nutrient in a serving of the food contributes to a total daily diet. The Daily Values are reference amounts (in grams, milligrams, or micrograms) of nutrients to consume or not to exceed each day. Use the %DV to determine if a serving of the food is high or low in an individual nutrient. You can also use the %DV to compare food products (make sure the serving size is the same). For example, if you eat one serving of a food and it provides 10% DV of dietary fiber, then for that day, you have eaten 10% of your dietary fiber daily goal.
