# March is National Nutrition Month!

By: Academy of Nutrition and Dietetics – [eatright.org](http://eatright.org)

National Nutrition Month® is an annual campaign established in 1973 by the Academy of Nutrition and Dietetics. During the month of March, everyone is invited to learn about making informed food and beverage choices and developing healthful eating and physical activity habits.

This year's theme is "Discover the Power of Nutrition." Nutrition has the power to help individuals and communities thrive. Discover how food and beverage choices can help

power your day. Learn tips for accessing healthy foods in your area. And build healthy habits into your day to help you feel great now and the future.

Whether you're looking at nutrition headlines or searching for nutritious options, boost your confidence when it comes to food and health. A registered dietitian nutritionist (RDN) or nutrition and dietetics technician, registered (NDTR) can expertly guide you with information driven by science.
